| PROFESSIONAL SUMMARY

Navy veteran with over 16 years of experience in state and federal government roles, including wildland firefighting, wildlife habitat management, and forestry. Known for discipline, teamwork, and problem-solving in high-pressure environments. I recently completed a Web Development & AI Bootcamp, gaining hands-on experience in front-end and back-end technologies, including JavaScript, React, Node.js, and API integration. Eager to apply technical skills, leadership, and a mission-driven mindset to a dynamic role in web development or tech operations.
